

TECHNICAL DATA SHEET : MICROTECH INSECTICIDE CONCENTRATE

Issue 1 2019 02 TTDS08

PRODUCT DESCRIPTION

Microtech Insecticide Concentrate is a highly concentrated treatment for the eradication and prevention of wood boring insects. Due to the microscopic size of the active ingredient, Microtech Insecticide is highly penetrating and therefore ultra-effective and long-lasting. The concentrated solution is diluted to make 25 Litres of wood treatment, for use by professional operatives.

TYPICAL USES

- Killing active infestations of wood boring insects such as woodworm (*Anobium Punctatum*)
- Prevents re-infestation of wood boring insects
- Window frames
- Fences
- Roof Timbers
- Garden Furniture
- Sheds
- Internal and external use

ADVANTAGES

- ✓ **HIGHLY CONCENTRATED - 150 G MAKES 25 LITRES**
- ✓ **ERADICATES AND PREVENTS INFESTATION OF WOOD DESTROYING INSECTS**
- ✓ **HIGHLY PENETRATING DUE TO MICROSCOPIC SIZE OF SOLUTIONS**
- ✓ **SUITABLE FOR INTERIOR AND EXTERIOR USE**
- ✓ **NON-FLAMMABLE**
- ✓ **CAN BE APPLIED USING BRUSH OR LOW PRESSURE SPRAY**
- ✓ **VIRTUALLY ODOURLESS**
- ✓ **APPLICATION TO DAMP TIMBERS IS POSSIBLE WITHOUT REDUCING EFFECTIVENESS**

PROPERTIES

Technical Data	
Active Ingredients	Permethrin (See SDS Sheet for further information)
VOC's	None
HSE Number	10607
Colour	Clear
Packaging	Plastic
Coverage	Approx. 1 Litre/ 3 - 4 m ²
Shelf Life	Up to 4 years in concentrate Up to 6 months in diluted form
Storage	Store in a cool, well ventilated area, out of reach of children. Keep container tightly closed.

DILUTION

In a clean, plastic drum add 150 g of concentrate to 25 litres of clean water. Drums of diluted material should be clearly labelled with the HSE number and hazard symbols. The diluted product will remain stable for up to 6 months, but should be agitated prior to use.

SITE PREPARATION

Keep unprotected persons and animals away from the area where application will occur, and until surfaces are touch dry. Depending on substrate and ambient conditions, surfaces are usually touch dry after 1 hour. Ensure adequate ventilation during application.

TECHNICAL DATA SHEET : MICROTECH INSECTICIDE CONCENTRATE

Issue 1 2019 02 TTTDS08

SITE PREPARATION

The active ingredients in this product have been accepted by the nature Conservancy bodies as suitable for the treatment of roof voids where bats roost.

However, it is a legal requirement to notify the appropriate Nature Conservancy body prior to any treatment of roof spaces where bats have been identified. Treatment must not be carried out whilst bats are at roost (see Health and Safety section below).

SUBSTRATE PREPARATION

Ensure that all timbers to be treated are clean and free from wood dust and other contaminants. Any paint, varnish or other surface coatings should be removed prior to application. If decay is present, remove all decayed wood and replace with suitably treated timber, or contact the Wykamol technical Department regarding our Timber repair systems.

APPLICATION

Always consult the Safety Data Sheet before commencing application.

Microtech Insecticide can be applied using a brush, low pressure spray or dipping.

1. Agitate the solutions well before use.
2. Perform a test on a small, inconspicuous area before commencing complete application to ensure product finish is as expected.
3. For application with low pressure spray or brush.
4. Apply at a rate of 1 Litre per 3 - 4 m².
5. Where possible dip the end grains of timber for a maximum of 3 minutes, otherwise use a good quality brush to work the product into the grains.

FINISHING

Over coating can occur 24 hours after application, depending on the substrate and ambient temperatures.

CLEANING EQUIPMENT

Remove as much product as possible from the brush with a tissue, then wash the brush with soap and clean water.

PACK SIZE

Product Code: MTECHINSC

Pack Size: 150 g

HEALTH AND SAFETY

For further information and advice please contact the Wykamol Technical Department. Always consult the Safety Data Sheet which is available upon request or can be downloaded from our website.

Contains:
Permethrin

Wear gloves, face mask and eye protection.
Wash hand and exposed skin after use.

To avoid risks to man & the environment, comply with the instructions for use.

- The COSHH (Control of Substances Hazardous to Health) Regulations 2002 (as amended) apply to the use of this product at work.
